Certified Community Behavioral Health Clinic Prospective Payment System Demonstration Program

CONTENTS

- **Certified Community Behavioral Health Clinic Services**
 - **Participant Eligibility and Target Populations**
 - **Certified Community Behavioral Health Clinic Qualifications**
 - **Payment**
-

Missouri is participating in a Medicaid demonstration project under Section 223 of the Protecting Access to Medicare Act designed to demonstrate the cost effectiveness of converting Medicaid reimbursement for community behavioral health services from a fee-for-service reimbursement system to a prospective payment system (PPS) while improving the availability, accessibility, and quality of community behavioral healthcare. As part of the demonstration program, the federal Substance Abuse and Mental Health Services Administration (SAMHSA) promulgated Certified Community Behavioral Health Clinic (CCBHC) certification criteria, and the Centers for Medicaid and Medicare (CMS) promulgated guidelines for the development of prospective payment (PPS) rates. During the planning portion of the demonstration program, the Department of Mental Health, Division of Behavioral Health (DBH) recognized 15 comprehensive community behavioral health organizations as in substantial compliance with the SAMHSA CCBHC certification criteria for purposes of participating in the demonstration program. A prospective payment rate was developed for each of these organizations in accordance with the CMS guidelines. The demonstration program will begin on July 1, 2017, and will run through June 30, 2019. There will be a national evaluation of the demonstration program.

Certified Community Behavioral Health Clinic Services

CCBHCs are required to provide the following services:

- Behavioral Health Crisis Services
- Screening, Assessment and Diagnosis
- Patient-centered Treatment Planning
- Outpatient Mental Health and Substance Use Disorder Treatment Services
- Screening and Monitoring of Health Risks and Status

- Case Management
- Psychiatric Rehabilitation
- Peer and Family Support Services

A complete list of the specific CCBHC services by service code is included in **Attachment I**.

Participant Eligibility and Target Populations

All individuals in need of community behavioral health services who are covered by MO HealthNet, including those covered through MO HealthNet Managed Care health plans are eligible to receive services from a CCBHC. However, the populations of focus for the demonstration program in Missouri include:

- Adults with serious mental illness
- Children and adolescents with serious emotional disorders
- Children, adolescents and adults with moderate to severe substance use disorders
- Children and adolescents in state custody who have behavioral health issues
- Young adults with mental illness or substance use disorders identified as in need of treatment by the courts, law enforcement, or hospital emergency rooms.

Certified Community Behavioral Health Clinic Qualifications

The SAMHSA CCBHC certification criteria established requirements related to staffing, the availability and accessibility of services, care coordination, the scope of services, the quality of services, reporting, and organizational authority, governance, and accreditation. The DBH recognized 15 organizations serving 19 of the Division's 27 service areas as in substantial compliance with the SAMHSA CCBHC certification criteria for purposes of participating in the demonstration program.

A list of the organizations recognized as CCBHCs for purposes of participating in the demonstration program and the areas they serve are included in **Attachment II**. In addition, a map illustrating the participating service areas is included in **Attachment III**.

Payment

PPS rates were developed in accordance with CMS guidelines and are based on CCBHC actual and projected costs for providing CCBHC services provided by a qualified practitioner to qualified Medicaid participants. PPS payments are based on "visits." A visit is a day in which there is at least one face-to-face encounter or one eligible telehealth encounter between a qualified practitioner and an eligible participant involving the provision of a CCBHC service. It does not matter how many or how few CCBHC services an individual receives in a given day, the CCBHC is paid the single PPS rate for that day. MO HealthNet Managed Care health plans are responsible for paying CCBHCs their PPS rate when a Managed Care enrollee receives at least one Managed Care covered face-to-face encounter or one eligible telehealth encounter between a qualified practitioner and an eligible participant involving the provision of a CCBHC service.

CCBHCs are also eligible for annual quality bonus payments if they achieve state established goals related to performance measures instituted by SAMHSA regarding adherence to anti-

psychotic medications; follow-up post hospitalization; the initiation of, and engagement in, substance use disorder treatment; and assessing individuals for suicide risk. The goal for each performance measure is the statewide average on that measure achieved in fiscal year 2016 (FY16) which is the time period of July 1, 2015, through June 30, 2016. CCBHCs can meet the goal for a specific measure by meeting or exceeding the statewide benchmark, which rewards good performance, or by exceeding its own FY16 performance level, which rewards continuous improvement.

Provider Bulletins are available on the MO HealthNet Division (MHD) (Formerly the Division of Medical Services) Web site at <http://dss.mo.gov/mhd/providers/pages/bulletins.htm>. Bulletins will remain on the Provider Bulletins page only until incorporated into the [provider manuals](#) as appropriate, then moved to the Archived Bulletin page.

MO HealthNet News: Providers and other interested parties are urged to go to the MHD Web site at <http://dss.mo.gov/mhd/> to subscribe to the electronic mailing list to receive automatic notifications of provider bulletins, provider manual updates, and other official MO HealthNet communications via E-mail.

The information contained in this bulletin applies to coverage for:

- MO HealthNet Fee-for-Service
- Managed Care Services

Questions regarding MO HealthNet Managed Care benefits should be directed to the patient's MO HealthNet Managed Care health plan. Before delivering a service, please check the patient's eligibility status by swiping the MO HealthNet card or by calling the Provider Communications Interactive Voice Response (IVR) System at 573-751-2896 and using Option One for the red or white card.

Participating Certified Community Behavioral Health Clinics

Burrell Behavioral Health (Service Areas #10 and #12)
1300 Bradford Parkway
Springfield, MO 65804

Clark Community Mental Health Center (Service Area #8a)
P.O. Box 100
Pierce City, MO 65723

Compass Health, Inc. (Service Areas #7, #8b, #11, #16 and #17a)
1800 Community Drive
Clinton, MO 64735-8804

Comprehensive Mental Health Services, Inc. (Service Area #5)
17844 East 23rd Street
Independence, MO 64057-1840

COMTREA Comprehensive Health Center (Service Area #22)
21 Municipal Drive
Arnold, MO 63010-1012

Family Counseling Center, Inc. (Service Area #19)
925 Hwy VV, P.O. Box 71
Kennett, MO 63857

Family Guidance Center for Behavioral Healthcare (Service Area #1)
724 North 22nd Street
St. Joseph, MO 64506

Mark Twain Behavioral Health (Service Area #14)
917 Broadway, P.O. Box 708
Hannibal, MO 63401

North Central Missouri Mental Health Center (Service Area #13)
1601 East 28th Street, P.O. Box 30
Trenton, MO 64683

Ozark Center (Service Area #9)
1105 East 32nd Street, P.O. Box 2526
Joplin, MO 64804

Places for People (Service Area #25)
4130 Lindell Boulevard
St. Louis, MO 63108

Preferred Family Healthcare (Service Areas #13 and #14)
900 East LaHarpe
Kirksville, MO 63501

ReDiscover (Service Area #4)
901 NE Independence Avenue
Lee's Summit, MO 64086

Swope Health Services (Service Area #3)
3801 Blue Parkway
Kansas City, MO 64130

Tri-County Mental Health Services, Inc. (Service Area #6)
3100 NE 83rd Street
Kansas City, MO 64119
